<b>Total expenses</b>	<b>\$112.37</b>

**NOTES**

All values are in United States dollars. The Chicago Space Transportation and Settlement Corporation (the "CSTSC") was incorporated on July 3<sup>rd</sup>, 2019, so the beginning of the quarter ending on September 30<sup>th</sup>, 2019 is reckoned as starting at that date. Also arising from this situation is the fact that the year-to-date figures are identical to those of the quarter. As negligible income was made during the quarter, no income tax was owed, so gross and net figures are identical. The penny in administrative revenue was a procedural deposit by an e-commerce company to confirm the bank account used for selling.

**SIGNATURE**

I, Ian M. McCann, the Chief Executive Officer of the Chicago Space Transportation and Settlement Corporation (the "CSTSC"), hereby sign and certify that the foregoing document is correct, fair, and accurate to the best of my knowledge.

/s/ Ian M. McCann
